

TRUCK ACCIDENT LITIGATION

Second Edition

Laura Ruhl Genson and Anita M. Kerezman, Editors

A truck accident case is complex, from both an investigation and a litigation perspective. This book was written by industry professionals, engineers, reconstructionists, and litigators experienced in the trucking field to provide insights and information useful to both the novice and experienced litigator. Orders can now be placed by calling the American Bar Association at 800-285-2221, order product code 5190389.

Please note the authors and topics as listed on the other side of this initial announcement. Feel free also to call Ruhl Forensic, Inc. at 800-235-2808 for further information on the authors and topics.

Truck Accident Litigation, Second Edition

This book is unique in that it combines the expertise of a multitude of industry professionals, engineers and reconstructionists with experienced litigators to provide useful insights and information into the investigation and litigation of a truck accident case.
